Science Day: Youth, Climate Change and Geospatial Science

Center Régional AGRHYMET CCR-AOS, Tuesday, July 08, 2025

## Opening ceremony

As part of the implementation of the Digital Earth Africa project, the AGRHYMET CCR-AOS Regional Centre organized, in collaboration with the Nigerian NGO Young Volunteers for the Environment (JVE), a scientific day on the theme: "Jeunes Filles et défi sur les Changements Climatiques : Apport de la science géospatiale".

The official ceremony was presided over by Mr Mamane Soulé, DG of AGRHYMET, in the presence of Dr Issa Garba, Head of the Natural Resources Management Department, Mr Sani Ajouba, Executive Director of the NGO JVE, CRA experts and some twenty young girls from public schools who are active in the field of Environmental Management.

Ceremony presidium

## Workshop objective

The aim of the day was to highlight the essential role of young people, and girls in particular, in combating the impacts of climate change, and the importance of geospatial tools in understanding and managing these phenomena.

On the sidelines of the conference, participants visited the AGRHYMET agrometeorological park. The day ended with the installation of the Climate Ambassadors Club office.
